Lighting, Electric and Grip: Our on-site gear is company-owned and -managed. We're able to draw on our LEG operations in Atlanta, GA, Miami, FL and Charleston, SC to efficiently optimize our deep resources for a large number of productions simultaneously.

Production Offices & Communications: We offer 38,000 sq ft of furnished production office space. The five flexible suites simultaneously accommodate multiple production operations. Each space has a separate office hub, art department and kitchen.

We provide super high speed internet and digital phone systems customized to the needs of the production. All buildings and the 10 stages are connected by underground fiber optics. Every square foot of each building is equipped with wired access points. Wireless internet service is available anywhere on the lot. Each production is provided a private network customized to handle the increasing demands of a 21st century production, including dedicated service with speeds up to 1 GB and server farm space with dedicated power, air conditioning and battery back-up.

Extensive staff and crew parking is within walking distance of all facilities.

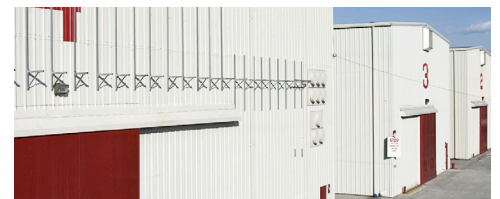

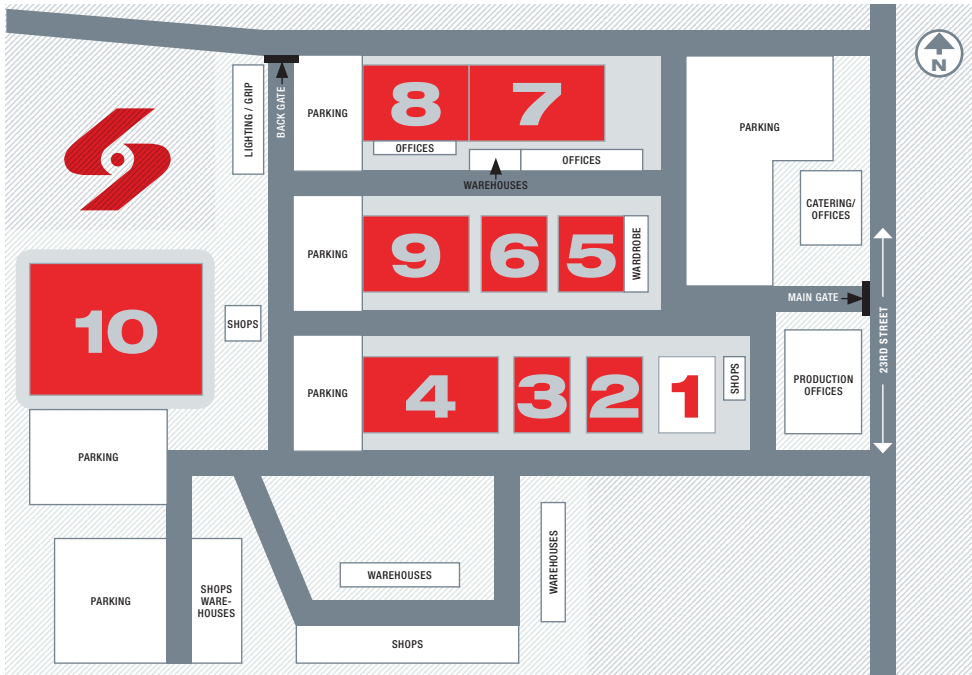

PRODUCTION CLIENTS

TNT's "Good Behavior" and History Channel's "Six" recently shot at the studio. Other recent productions include "The Conjuring" and "We're the Millers," for New Line, three seasons of the Steven Spielberg/Stephen King series "Under the Dome" for CBS, "Sleepy Hollow" for Fox Television, HBO's "Eastbound and Down" and "Iron Man 3" for Marvel.
